

CBA Awards

Establishment of the award:

The College of Business Administration, in coordination with the International Academic Accreditation (AACSB), organized a workshop titled “Teaching Effectiveness and Student Engagement” on December 5-7, 2014, attended by more than 270 faculty members. After that, the college encouraged and motivated faculty members to use effective teaching techniques, strategies, and innovative methods in the classroom.

With the continuous development of this award, a committee was formed by the Dean of the College and was composed of the Vice Dean for Development and Quality, the Vice Dean for Postgraduate Studies and Scientific Research, the directors of administration in both parts of the College, and other members. The goal of this committee was to consider developing the award’s mechanisms and creating Branches dedicated to scientific research and administrative excellence among college employees.

The results of the work were that the College’s Excellence Award was in three branches: (1) Excellence in effective teaching and student engagement, (2) Excellence in scientific research, and (3) Administrative Excellence. In addition, All the procedures for the award were reviewed and modified to ensure for the award’s workflow. The new version of the Excellence Award was approved by the College Council at the sixteenth meeting on 9/14/1444 AH.

Effective Teaching and Student Engagement Award

Introduction:

Effective teaching is one of the educational pillars that helps students learn more knowledge and skills. Effective teachers have become familiar with modern methods for evaluating their professional practices, and there are many ways to evaluate teaching or monitor effectiveness.
